COUNTERCADE THE GAME SYSTEM THAT LIVES UP TO ITS PROMISES

Sega's

Crowns Golf™

HOW TO PLAY:

Crowns Golf can be played by 1 or 2 players, in single credit mode (4 over par ends game), or in "half-round' mode for 5 credits (can play all holes regardless of score)

Control panel includes a Club Level to execute the swing, a button for single play and a button for "half-round" play, Club Select button, 2 ball direction buttons (left and right), and 4 buttons for adjusting stance and address.

The Crowns Golf course is a full 18 championship holes, including challenging ponds and bunkers that dot tree-lined fairways and surround greens. A player deals with hazards the same way he would on a natural course. He checks the wind, selects his club, and directs his shot, and adjusts his stance. He can choose to play a hook or a slice. Voice sounds offer encouragement such as "nice shot," or express dismay, such as "oh, no" for out-of-bounds

CLUB SELECTION

Club selection and ball's flight distance depend on the conditions of the fairway, rough, etc. Generally, however, the following specifications apply

CLUB	MAX. FLIGHT DISTANCE
1W (Driver)	240m
3W (Spoon)	230m
3I (3 Iron)	180m
5I (5 Iron)	150m
7I (7 Iron)	120m
9I (9 Iron)	95m
SW (Sand Wedge)	65m
PW (Pitching Wedge)	40m

• On the green, only the putter is used.
